

# "Buy A Bag, Give A Bag"

Here's the poop,  
oh, I mean scoop,  
on cat litter.

The pine wood pellet litter doesn't create dust, isn't as heavy to dispose, and is less expensive. However, it's still costly ...

This kind  
rocks.

The old stuff created a lot of dust and often caused the kitties and the staff to get sick.

Please "Buy A Bag, Give A Bag". With every 40 lb. bag sold for \$14, the cost of a bag for shelter use is covered. The goal is to sell 100 bags a month!
